Allgäu

Allgäu

All the imposing Bavarian royal castles - whether fairytale-like like Neuschwanstein and Hohenschwangau or fortress-like Falkenstein, Frey- and Eisenberg- are located in the Ostallgäu region, the part of the Allgäu where the KÖNIGSCARD is at home.

It ranges from the lovely hills of the foothills of the Alps to panoramic views of the Zugspitze and across the glittering lake landscape. The hiking and biking region connects Lake Constance and Königssee.

Allgäu

Tyrol

Coming from Vorarlberg, "Licca - der Schnelle" flows between the Allgäu and the Lechtal Alps through Tyrol. Later called "der Steinige", it shapes one of the most natural and pristine river regions in Central Europe.

The wide and gravelly wild river landscape with its predicate hiking trail is the link between Arlberg and Allgäu. A natural jewel that is well protected by the nature park region Reutte. The Lech and its alluvial forests represent a last refuge for many plant and animal species with botanical and zoological rarities.

The district capital of Reutte and the region received protection centuries ago: its castles are still visible from afar.

A young girl with blonde hair is wearing a traditional metal helmet, possibly a Viking or Norse helmet. The helmet is dark brown or black with a rounded top and a faceplate that has two large eye openings and a small mouth opening. She is smiling and looking up. An adult's hands are visible, holding the helmet on her head. The adult is wearing a blue shirt and a blue watch. Another person's hand is visible on the left, holding a chain. Upper Bavaria

Ammergau Alps

The Ammergau Alps with the famous towns of Oberammergau, Unterammergau and the monastery of Ettal nestle up against the Allgäu in the east and introduce the Upper Bavarian Alpine foothills.

The highlight of this region is the unsurpassed Zugspitze with the Wetterstein mountains.

The Blue Land

A region that gained its fame through the painter Franz Marc. He impressively depicted the alpine moors and rugged mountain regions. The Blue Country also stands for old Bavarian villages, the unique Lüftmalerei and the genuine Bavarian dialect. This region stands worldily for painting and passion and tradition-conscious between Part- nach and Ammer.

Pfaffenwinkel

Between Lech and Loisach, with lush green meadows, dense forests, untouched moors, picture-book lakes and idyllic river landscapes, the beauty of southern Bavaria is revealed - in the Pfaffenwinkel. The name lives up to its promise: in hardly any other region is there a more of-

The density of monasteries and baroque churches is similar to that here. The Wieskirche in Steingaden is even a World Heritage Site.

Tölzer Land

Bright yellow dandelion meadows in front of snow-capped peaks, crystal-clear streams and deep blue lakes, in between magnificent farms and small villages with distinctive onion towers rising into the white-blue sky: The Tölzer Land, which begins south of Munich at Lake Starnberg and extends to the Tyrolean border, captivates with

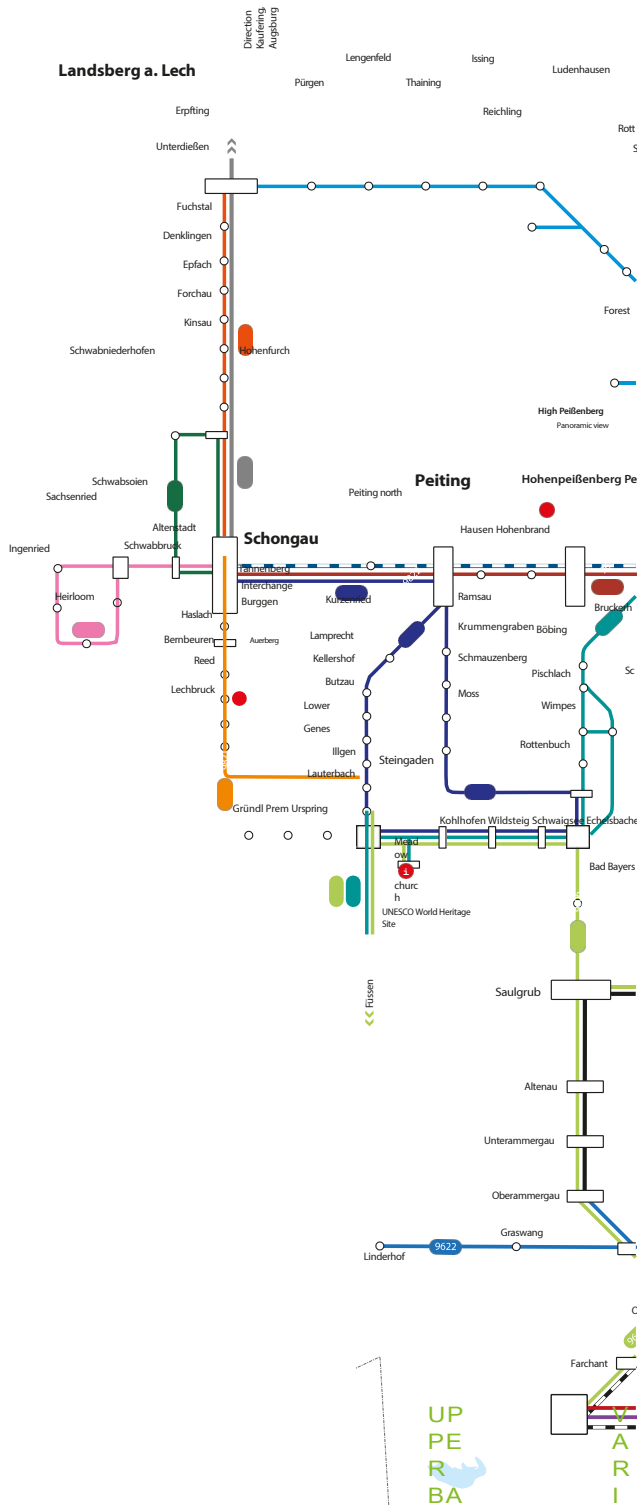

its genuine Bavarian picture book idyll.

Free bus ride

If you are in places of the Ammergau
If you stay overnight in the Alps, the Blaue Land, the Pfaffenwinkel or the Tölzer Land, you can use the regional buses in these regions and in the Allgäu free of charge with the KÖNIGSCARD.

In the BADEHAUS of Waldram (formerly Föhrenwald), history can be experienced as if in fast motion: from 1940, the National Socialists built a model settlement for armaments workers in the Wolfratshaus forest. Towards the end of the war, the concentration camp death march passed by here. Then Föhrenwald became a camp for Jewish displaced persons who had survived the Holocaust. From 1956 on, mostly Catholic displaced persons with many children were settled and the place was renamed Waldram. To this day you can find here

Traces of this unique migration history. It is told vividly and in multimedia form in the newly built BADEHAUS place of remembrance. A citizens' initiative saved the building from demolition and built a place of r e m e m b r a n c e , encounter and learning there.

Terms of use for the KÖNIGSCARD

Dear guests,

with the guest card "KÖNIGSCARD" you receive a special version of the general guest card, hereafter called "BasisCard". With the "KÖNIGSCARD" you are offered special services and benefits in addition to the services of the BasisCard to make your stay in the Allgäu-Tirol-Oberbayern region a special experience. Clear agreements on mutual rights and obligations, which are made with you in the form of the following terms of use, contribute to the realization of this objective. Please read these terms of use carefully before using the services.

1. Principle, parties involved, BasisCard

11 KÖNIGSCARD Gästekarten GmbH is the issuer of the KÖNIGSCARD card and, with regard to this version, the contractual partner of the card usage agreement with the cardholder.

12 The contracting parties to the card usage agreement regarding the BasisCard are exclusively the municipalities and other entities that issue the BasisCard.

13 The following provisions apply exclusively to the card usage relationship with KÖNIGSCARD Gästekarten GmbH with regard to the "KÖNIGSCARD" card. Accordingly, they do not apply to the card usage relationship with regard to the BasisCard pursuant to Section 1.2. The agreements made with the issuers of the BasisCard shall apply to the BasisCard.

2. Definition of the participants in the KÖNIGSCARD, regulations regarding the service partners

21 Service partners within the meaning of these Terms of Use are those institutions, companies, self-employed persons, tradesmen and facilities that are named as providers and service suppliers of the respective services in the applicable service and provider directory for the KÖNIGSCARD.

22 Hosts within the meaning of these Terms of Use are the private landlords and commercial accommodation establishments participating in the KÖNIGSCARD guest card system.

23 These Terms of Use govern both the terms and conditions of use of the Card itself and the contractual and service relationship with the Service Partner.

3. Legal bases, information and assurances from third parties

31 The contractual and service relationship between the Cardholder and the service partner shall be governed by the relevant provisions of these Terms of Use and, to the extent effectively agreed or generally applicable under statutory provisions, the terms and conditions and / or general terms and conditions of delivery or promotion of the service partner as well as the statutory provisions applicable to the respective service relationship.

32 Card issuing offices are not authorized by KÖNIGSCARD Gästekarten GmbH as the issuer to make agreements that deviate from these Terms and Conditions of Use, nor to provide information or make assurances that deviate from, contradict or go beyond the applicable list of services of the card. The same applies to the service partners, except insofar as the information, deviating agreement or assurance relates to their own services.

33 The issuance and use of the card does not give rise to any contractual obligation between the cardholder and the issuer or the issuing offices with respect to the services themselves. Only the respective service partner, not the issuer or the issuing office, is obligated to provide the respective service to the cardholder, unless the service is provided by the issuer or the issuing office itself.

34 The issuer or the issuing office itself has no obligation to perform vis-à-vis the cardholder with regard to the services, either as a primary contractual obligation or as a secondary contractual obligation.

4. Free of charge of the KÖNIGSCARD, relationship of the card services to other services of the issuing offices and the service partners

41 The KÖNIGSCARD itself and the services that can be used with the KÖNIGSCARD are free of charge for the authorized users.

42 The services according to the current list of services are all tourist services in the sense of § 651a para. 4 no. 4 BGB (in the version from 01.07.2018). The services of the KÖNIGSCARD do not become part of other main contractual services of the KÖNIGSCARD Gästekarten GmbH as the issuer, or the issuing points. Accordingly, the aforementioned do not have the position of a package tour operator in the sense of the legal provisions with regard to the card services. If, in addition to the issuance of the KÖNIGSCARD, other main tourist services are also offered or arranged by KÖNIGSCARD Gästekarten GmbH or the issuing offices, these offices have, at most, the position of a provider or agent of associated travel services, insofar as the authorized user was informed accordingly when arranging these associated travel services and the legal regulations were observed.

5. Conclusion of the card usage agreement and issuance of the card

51 The KÖNIGSCARD is a voluntary private offer of the KÖNIGSCARD Gästekarten GmbH as publisher and the participating service partners. There is no general legal claim to the issuance of the card.

52 With the offer to actually issue the card, KÖNIGSCARD Gästekarten GmbH as the issuer, represented by the respective issuing office, offers the authorized user (see Section 5 of these Terms and Conditions) the binding conclusion of the card usage contract on the basis of these Terms and Conditions of Use and the applicable list of services.

53 The card usage contract comes into effect when the customer accepts the card or when the card is actually used for the first time. It ends, irrespective of the return of the card, with the contractual end of the stay of the authorized card user with the host, without the need for termination.

6. Authorized users

61 The authorized users are all guests of the participating hosts within the meaning of Section 2.2 of these Terms and Conditions.

62 Unless otherwise specified in the applicable list of services, in particular for accompanying children, only the cardholder is entitled to use the card. The card is not transferable.

7. Type and scope of the card's services, limitations of the services, exclusion of the cardholder from using the card

71 By issuing the card, the issuer enables the cardholder to make use of the services listed in the card's applicable list of services.

72 The nature and scope of the services provided to the cardholder are set out exclusively in the list of services in force at the time the card is issued, which is issued to the cardholder together with the card or is generally advertised or announced.

73 Insofar as the card grants discounts on services subject to payment, only the discount granted by the card according to the current information in the list of services may be claimed. Further discounts of any kind, in particular with other cards, cannot be claimed simultaneously or additionally.

74 The service partners are only obligated to provide services in accordance with the general conditions of their business activities, in particular taking into account advertised service periods, opening hours and general service requirements (e.g. weather-related requirements).

75 Insofar as the services of the Card are also described in other advertising documents (host directories, brochures, catalogs, websites) outside the respective applicable list of services for the Card, the service description in the respective applicable list of services shall apply exclusively to the use of these services by the Cardholder. This applies in particular if the description in the list of services for the KÖNIGSCARD deviates from such other service descriptions.

76 The service partners may restrict the tendered services in whole or in part, in particular in terms of time, if there are objective reasons for doing so. These include in particular obstacles to performance due to weather conditions, official requirements or orders, maintenance work and repairs, measures for reasons of traffic safety, excessive crowding or overcrowding of facilities and other similar objective reasons.

7.7 The service partners may refuse to provide the advertised services in particular if the card is not marked in accordance with Section 8.1.

7.8 The issuer and service partner may exclude cardholders and other authorized users from use in whole or in part, temporarily or permanently, if they do not meet special personal requirements (e.g., health requirements or clothing and equipment requirements), if the specific use is expected to endanger the cardholder or authorized user, third parties, or the service partner's facilities. The same applies if the cardholder/authorized user violates legal regulations, safety regulations, usage regulations or instructions from supervisors in the course of use or otherwise behaves in a manner contrary to the contract to such an extent that the exclusion is objectively and factually justified.

7.9 In the event of a restriction of benefits pursuant to 7.5 or 7.7 or a justified exclusion pursuant to 6.5, the Cardholder / Authorized User shall have no claims whatsoever.

7.10 The services of the KÖNIGSCARD can only be used during the cardholder's stay in an accommodation facility or with a private landlord or other accommodation provider in the card's area of validity.

7.11 There is no right to transfer the card and / or its benefits to future stays or other persons.

8. Use of the Card, Obligations and Liability of the Cardholder

8.1 Before the card is handed over by the host, the authorized cardholder must handwrite his or her first and last name on the card. The use of the card and the use of the services is only possible and permissible with the corresponding name identification. Cards of persons who are not able to write, in particular children, must be identified by name by the accompanying person. Without such identification, the host is not entitled or obligated to issue the card; if necessary, the host can make the identification himself before issuing the card.

8.2 In order to use the services, the Cardholder is obliged to present the original Card and submit it to the service partner for electronic verification or visual inspection before using the service.

8.3 The cardholder is obliged to present a valid photo ID upon request. If he/she is unable to do so, the service partner may refuse to provide the service. In the case of age-related services and benefits for the cardholder or his/her eligible dependents, the service partner may request appropriate proof of age.

8.4 In the event of theft, loss or defect of the Card, the Cardholder is obliged to report this incident to the issuing office immediately, whereby there is no entitlement to a new Card being issued free of charge.

8.5 The cardholder shall be liable to the issuer and/or the issuing office and the service partners for any damage resulting from misuse of the card by the cardholder himself/herself or by third parties for which he/she is culpably responsible.

8.6 In the event of misuse or suspected misuse, the service partners, the issuer or the host are entitled to withhold the card without compensation.
